Society

"*I hate you people for leaving me out of so many fun things. And don't say "well that's your fault" because it isn't, you people had my phone number and I asked and all, but no no no, don't let the weird looking kid Eric kid come along, oh nooo.*"

Oh how much i hate society , dumb biological trash.
Society is Hypocritical , disgusting ,dumb and retarded.
Its unfair. Every day disappoints me , when i wake up realizing that i would need to socialize with other people.
Everyday i see people, every day i feel stressed ,everyday i sit alone, alone with my thoughts.
Everyday i life for nothing, getting nothing, except feelings of fear and hatred .
And the reason for this are YOU ALL.
Not a long time ago , i realised that people are worthless.
Lives have no meaning, and you , people, confirmed it with your disgusting behaviour towards me .
You made me lose it .
Im suffering in this freaking school for 9 years.
Why can anyone decide anything about me and my destiny?
Why do some morons have the right to control me?
Who gave them the right ?
Why did no one ask my opinion ?
Why?

Christianity

"*I can't agree with the form of Christianity that is preached Most of the modern preachers.*"
© Dylann Roof

I love christianity, thanks to the crusaders, Europe survived the first attempts to occupy the desert by rabid savages. Christianity for Europe proved to be an excellent variant of a single faith, Christianity rallied Europeans.
Now Christianity is in decline, it has weakened and reforms are needed for revival.
I don’t like what’s happening now, as Roof wrote, the modern representation just says „Leave it to God“, only talk, no action.
We see how the occupiers donkey-fuckers currently pray in churches and temples , We see how these animals were climbing to Orthodox churches during the Uraz-Bayram.
We see Muslims stabbing priests right in churches and shoot down churchgoers.
What do Christians do? Nothing.

Christians should kill, you say „But you can't“ - great, you can't, then just wait for your death.
You have only two options, either you endure under the pretext of „Murder is a sin“ and die yourself without doing anything for the sake of your race, faith and land, or you follow in the footsteps of Brenton Tarrant and kill the occupiers, that's it.

Ways

There is no way to fight the occupiers except mass murder. It's impossible to compromise with terrorists. You will never be able to compromise with a chimpanzee, he will tear you apart, just as you will never compromise with an Arab suicide bomber or with a black man with a knife.
It is impossible to compromised with a stupid monkey who has not evolved, who believes in the ancient nonsense of a sick pedophile terrorist
Muhammad. Take off your rose-coloured glasses, we can only win with violence.

Higher and lower races

A person who has created civilisation, infrastructure, medicine, architecture, books, the Internet, a computer and everything we use today - cannot live in the same room with a monkey, not only a physical, but also a mental monkey that can do nothing but rob, rape, kill.
We are different, humanity in the general sense does not exist.
The lower races are definitely an enemy for the whites and Europe as a whole. A monkey can be taken out of Africa, but African (heritage) can't be taken out of a monkey.
We have different intelligence, body structure, different skulls, different development, different level of crime.

Jews

„His blood is upon us and our children!“
Gospel of Matthew 27:25

«*We are facing the most dangerous enemy in the world.“*
„As soon as we take a closer look at our enemies, we see one Jew after another.“
© Josef Goebbels

LGBT, leftists, antifa, elite, media, modern liberals, Marxists, opposition, special services and other anti-white scum - all this is controlled by Jews. Jews control your every step, every request on the Internet, every message in the messenger, every word, every movement.

What can I say about their contribution to the extermination of the white race? Without them, no Arabs, blacks, Latinos and others would NEVER be able to be in Europe. Jews allow and support Islamic terrorism, Crocus, September 11, attacks in Paris in 2015 and so on. But as soon as the European starts looking for information about the white terror, the Jews immediately aim at him.
I'm not saying that the blame is only on the Jews, nothing like that, migrants are just like that enemies for us. Only Europeans, some Asians and non-Islamised peoples of the Middle East are victims.

Racial mixing

Im disgusted when I see a white girl and black man (as in a relationship) on the Internet, it's sickening . I feel even more hate and anger on comments like these „Why is everyone surprised, racism is not the norm in the 21st century" - fuck, fucking bitch , shut the fuck up your stupid fuck and go slit yourself open in the bathroom, stupid whore.
I'm not against national mixing, although it's also questionable. Europeans with Europeans? Great, but there's no other way.

What should we do with the the blacks? Kill them, in the cruellest ways.

Paganism

In general, I have no complaints about pagans, almost tho. I don't like the way you underestimate Christians. It pisses me off that you call the Christian Tarrant a paganist. Stop sowing strife, the whites are already an absolute minority, we can't split up.

For the stubborn:

Oh...I hope Jesus forgives us for our sins...Islam is becoming too invasive and Christianity is disappearing! We better get a move on, bunch of moldy goats...

From Tarrant's Facebook account :
„Oh... I hope that Jesus will forgive us for our sins... Islam becomes too aggressive, and Christianity disappears. We'd better hurry up, a bunch of mouldy Rams... ✝❤"

Rifle Remington MVP. 223, right side, inscription:

„Deus Vult“ translated to „This is what God Himself wants“ is the cry of the Christians of the Crusaders during the Crusades.

Shotgun 870 magnum, right side: „Jeremiah 46:16“ - from the Bible
„They will stumble again and again, fall on each other and say:
„Get up, let’s go back to our people, to our homeland, away from the sword of the oppressor.“
The same shotgun, left side: „Psalm 144:1“ - from the Bible „The Song of Praise of David. I will exalt You, my God and King, I will praise Your name forever.“

From Tarrant’s „Great Substitution“, „to Christians“, second paragraph, first sentence:
„We are disgraced, sons and brothers, living in the days of disasters!“
exactly „We are disgraced“ and not „Christians are disgraced“.

Islam

Speaking of Islam, I want to clarify my position right away: there is no division into „Muslims“ and „Islamists“, which is constantly trying to argue the left and the Muslims themselves. If you look at it with such Position, then who was the Prophet Muhammad? A Muslim? No, according to this division, he is the most radical Islamist in history, who laid the foundation for Islamic terrorism, so your idea of „Muslims“ and „Islamists“ collapses with one question.
Islam - is a plague that must be completely destroyed. Islam has not brought anything good to the world. You would say „Islamic scientists“? Yes, there were, but all the „Islamic“ scientists themselves studied from the books of Europeans, and by origin all of them were Persians who did not accept Islam and were often descendants of Islamophobes. So, what did they create? Nothing.
All their „achievements“ in mathematics, astronomy and other things are just a continuation of what the Romans and Persians left in the Middle East before the arrival of Muslims. Arabic numerals? No, the Arabs took them over from the Hindus.
Speaking about the origin of Islam, Muhammad simply distorted Arabic paganism, and that’s it. The main shrine of Islam - the black stone in the Kaaba was an Arab pagan idol, and the kaaba/mecca itself was a pagan temple.
Muslims even pray in the same poses as Arab pagans before Islam. Allah is the Arab-pagan god of the moon. Even the minarets of the mosques were taken from the pagans.
Muslims are a useless and dangerous scum with a lack of thinking.
We must liberate the entire Middle East and North Africa, these lands have always been white.

Motivation

HATRED
HATRED
HATRED

I HATE YOU
MUSLIMS FOR TERRORISM
NIGGERS FOR CRIMES
JEWS FOR ORGANISING TERRORISM AND CRIMES
WHITES FOR INACTION

As long as you sit and do nothing - your life is meaningless. You're worthless if you're not ready to kill and die for your ideas. DIE.
You're just a bunch of hypocritical shit. No? So prove it, yes, EXACTLY YOU, go and kill someone, do at least something useful for the planet.
Whites don't have the right to anything in the current situation, you are not worthy of anything
Europe, neither Earth nor life.
Just keep the following in mind: even the Arab Sonboli, the Jew nigger Henderson, the Turk Küçükietim, the Indonesian (name?), the Mexican Garcia and the Hindu (name?) Did more for the White Race and the future of white children than you did. Disgrace.

Heroes, unlike you.
So, if you read this, and you now want to change something in your life, then:

End

I'm writing this at 8:18 on December 16. Everything seems to be ready..

Finally, I want to say, rather not to say, but to repeat, I am not to blame for what happened, I am forced to spend my life correcting what should never have happened at all. The Great Substitution should never have happened. Never.

And since "white men" can't do anything more peaceful than peaceful protests, I intervene. You can hate me as much as you want, do whatever you want, I don't care.

I'll hit in the most painful part, bastards that I hate the most. Yes, I hate society and a huge number of whites, but I wouldn't kill Europeans. If there were no Muslims, I would attack blacks, if there were no blacks, I would attack Latinos, if there were no Latinos, then I would kill Jews. But no matter how much I hate you, you whites, WE whites, have proven and defended our right to exist, in crusades, in numerous wars with the occupiers for thousands of years. And we'll throw them away again. I hate you, but you've done much more good than bad, I don't have the right to touch my own kind.

The time of my exit, my actions.

I did it in the name of Europe's freedom.

Don't be afraid of death, don't be afraid to act.

See you in Valhalla.

N/V

I was one of Aras‘ close friends. I didn t want to leak this information yet but i want you to leave me alone, please. I never told her to do this, i tried to help him as much as i could.

Please do not take me as an supported of ‚his‘.

Also

I replaced all the words behind the censor with dots, because if i kept the normal texts people could juat copy paste it and discover the text that was behind. I will try to answer questions as anonymously as i can.

Gotta add

Aras was non binary, pronouns „she, they, it“. She wanted to be remembered as „Konata“ because of a character from an anime she liked. If this writing is lazy, im sorry, but im really rushed with all the legal things right now, again, please, just leave me alone.

I WILL NOT LEAK THE UNCENSORED VERSION! NOR USE THE INSTRUCTIONS. I HAVE NO NEED AND NO WILLING TO HURT ANYONE.
